## Message from the Sr. Principal

“Education is what remains after one has forgotten what one has learned in School” - Albert Einstein

My beloved prospective parents, thank you for considering Mar Thoma Schools for your child's future. Mar Thoma schools have always been focused on instilling ethics in each and every child that will empower them to be valuable citizens of the nation. I staunchly believe that an investment made in Mar Thoma School education will pay many dividends through life. We, irrespective of a child's background or caliber, make sure that he/she is groomed and nurtured in a way that they can enable them to stride into adult world independently, confidently and responsibly. Our goal is to ensure that all students become critical thinkers, active problem solvers, inquisitive readers and diligent researchers. We understand the importance of balance and thus encourage our students to participate in various extra curricular activities. Our dedicated teachers and staff work closely with students to reach their potential in areas of sports, arts and music.

I am grateful to our parents for their sincere involvement in the school and request to continue to do the same. Without their single-minded cooperation between the school and home, we cannot offer holistic education towards which we are striving for. I look forward to the same collaboration and support we have been receiving all these years from the parents and teachers & staff so that we can embrace all challenges with confidence, fortitude and steadfastness.

I invite you all to join this endeavor with blessings and prayers.

**Rev. Toms Ninan**  
Vice Chairman & Sr. Principal

## Message from the Principal

“Education without character is useless and dangerous” - Gandhiji

Education is the first and foremost necessity of human beings. It brings about integrated development of personality of our individual. It brings out the hidden talent and potential of every child. Education is incomplete until it is empowered with spiritual and noble thoughts. In our institution, we impart knowledge with moral values which will help in guiding the lives. With the vast availability of knowledge, it is important for the educators to design curriculum for the next generation and to develop learning strategies which fulfil the global aspiration.

Mar Thoma Academy is a co-educated English medium school which is run by St. Thomas Educational and Welfare Society, Indore. The society was registered in 1987 by the members of the Mar Thoma Church in Indore to promote education and welfare. Mar Thoma Academy is the third branch, located at scheme No.-114 to promote quality and value based education. It is a CBSE School with all required modern amenities & with a team of dedicated teachers. The motto of the school is “your word is light to my path.”

Our school believes in making unity efforts to attain our mission of achieving excellence through proper guidance, care and tendering. Students are getting opportunities to participate in various co-curricular activities. Some students participate in inter school competitions like yoga, karate, skating, volleyball, football, cricket, song, dance and drawing. They used to bring medals and trophies by achieving prizes in district and state level competitions also.

We could reach in heights due to the blessings & prayers of our beloved Bishop, untiring hard work of our governing council & managing committee & able guidance & support of our Manager & Senior Principal in each and every step of our institution. As a result of globalization, education has become a part of mainstream teaching and learning. We as a team have to do hard work, not only for the appreciable academic result but also for making our students to become a responsible citizen for making a better society.

*May God bless us all.*

**Girija V. Menon**  
Principal

## Introduction:

The Mar Thoma Syrian church is an indigenous, oriental and reformed church which has a historical tradition of transforming the social setting by its precise involvement in the cultural and social setting.

The St. Thomas Educational & welfare Society, Indore was registered in 1987 by the members of the Mar Thoma Church in Indore to promote education and welfare in Madhya Pradesh. Since then it has been enlightening the society with knowledge and scheme for welfare.

The Mar Thoma Academy is coming up in Scheme No.-114 Indore to promote quality and value based education as the name suggest, it's a temple of learning for wards seeking excellence and character.

The Mar Thoma Academy believes in making unity efforts to attain our mission of achieving excellence through proper guidance, care and tendering. We aspire to help our learners in mastering the expanded horizons of life and making them the achievers of knowledge and ethics.

## Aim

- To promote excellence in academics
- To achieve holistic development in students
- To impart stress free quality education.
- To develop self confidence.
- To inculcate righteous thoughts.
- To foster the intellectual, emotional and physical well being.

## Vision

To prepare dynamic and caring citizens of tomorrow to meet the challenges of a global society while retaining their traditional value.

## Value Oriented Education :

Along with preparing the students for the Secondary School examination conducted by CBSE New Delhi, the school imparts religious and moral value with due respect to all religions. In a multilingual and pluralistic religious society we envisage a regular program me of imparting religious value and moral principles to inculcate devotional habit and respect for all religions in students.

## Co-Curricular activities:

The school has a variety of Co-Curricular activities for the holistic development of the personality of the student. With this objective, sports, games and other co-curricular activities are articulated with the course of studies . The inter house and Inter school art and other cultural competitions are held to develop genuine competitive spirit and enrich various talents in pupils.

## Students' Forum:

In a democratic set up likes us, the activities of students' forum develop democratic values and leadership qualities among students .It functions under the guidance of the staff adviser and its leaders like Chairman, Vice Chairman and Secretary and are selected from among the students

## Library:

A library is a 'Store House' of knowledge. Our large and spacious library with good volume of books nourishes the understanding of the learners. We have one of the largest libraries with 30000 books including journals, encyclopaedias, educative magazines and scholastic literature

## NCC:

We introduce NCC wing this year to inculcate discipline and feeling of patriotism among the future leaders of our country .Fifty students are enrolled in the Academic session 2021-22

## Scout & Guide:

The school has introduced scout and yoga activities for students from class III onwards. Its inculcates the spirit of truthfulness, loyalty, helpfulness, social equality , politeness , obedience, courage, thrift and above all patriotism and sense of duty among the students. This training is given to them once in a week by means of drill, games , craft, Hiking, Swimming, Camping and Social Work. on joining the scout training a Cadet develops a unique personality which is useful for his/her future career.

## Karate Training:

Karate is a Japanese martial art whose physical aspects seek the development of defensive and counter attacking body movements. The themes of traditional Karate training are fighting and self defence though its mental and moral aspects target the overall improvement of the individual karate comes from two words.'Kara' meaning empty and 'te' meaning hand. That's because it is a martial art that focuses on hand to hand combat rather than the use of weapons. we have special Karate Coach in our school for training students from class III onwards. Students achieved interschool & State level Competition medals since last many years.

## Well – Equipped Labs :

We have labs which are well equipped with latest and useful innovations. Use of Laptops, L.C.D , Projector and internet help the cause of keeping with changing times .

Physics ,Chemistry , Biology, And Computer labs provide a practical vision to the students and quench their creative urge.

## Smart Classes :

Every subject became easy and interesting through innovative way of explanation and visualization through smart classes.

## Audio visual Room:

Interactive learning session are held in the audio visual room which is well equipped with a LCD projector and a large screen wide screen television, CD,s and DVD on different subjects for different classes. The School provides to teach teacher in Audio-Visual Method so that they can introduce new teaching technique

## School Application:

A new Application has been introduced through which a whole connectivity can be maintained

- Home Work
- Class Attendance
- Latest Notifications
- School Calendar
- Payment Fees

## Music:

To develop aesthetic sense among the students, performing Music is included in the curriculum to the students.

We organize competitions to encourage the budding talents. We have our school BAND AND AN ORCHESTRA THAT GIVE MESMERIZING PERFORMANCE FROM TIME TO TIME.

## Art & Craft:

When hand and heart work in tandem, it results into everlasting beauty. Art and Craft enhances the creative urge and visionary skills of the students.

## Computer Literacy:

The promotion of computer knowledge would motivate students towards the development of a logical and scientific temper and it will open the scope of progress in different capacities. It is compulsory for all higher class students as a regular feature of education in this school.

## German Language:

English and German languages are sister languages. German language belongs to the ten most popular languages in the world. It also got an entry in the Guinness Book of World Records of 2006. German Language consists of about 5.3 million words with a rising trend. This means it contains eight times as many words as the English language. Therefore it is considered as the rich language. We have special German language training classes in our school.

## Parent-Teachers Meet:

All Parents are encouraged to meet the teacher on every 2<sup>nd</sup> and 3<sup>rd</sup> Saturday of every month to know the overall performance of their wards.

## Conveyance Facility:

To relieve the parents tension of the safe conveyance of their children we have introduced our own school buses on all the major routes, at a reasonable fare. This facility is optional to the students . Though door to door service is not practical, care is taken to link all leading suburbs of the city. The authority to change, cancel or introduce various bus stops is reserved with the school management.

## Security :

Our School administration has installed cameras in all the classrooms as well as the school premises to keep our students safe, to keep tabs on people entering and leaving the school and to cut down vandalism and theft.

## New Stream- HUMANITIES Introduced :

The Humanities entail the study of the human world and society from a critical perspective. The major benefits of studying humanities at the 10+2 level are that it improves the ability to commute, provides great opportunities, helps in reducing the bad customs. Again it provides the knowledge of foreign culture and languages and inspire creativity. It makes students a responsible citizen.

## Admission Rules:

Admission is open to both boys and girls based on merit .Application for admission shall be made on the prescribed form attached with the prospectus. This is provided from the school office after the announcements at the end of each academic session. All students applying for admission are subjected to an interview and test. For K.G-I admission, the child should have completed three and half years of age on first of July of the year for admission. Admission age for other classes will be counted accordingly. Students seeking admission to class II and above have to produce counter signed. T.C and Progress Report from the school he/she last attended .
